

TECHNICAL SPECIFICATIONS FOR AVANT PREMIÈRE SCREENINGS

Please note!

Your screening material must have been received by filter Media by 25 January 2017!

GENERAL PRESENTATION FORMAT

Avant Première Screenings will be presented
in HD 1080 at 25 frames with
stereo audio mixed according EBU R-128 or BS1770-2

Please control your material to match the general presentation format and presentation time. If not your material will get transferred to meet the specifications. The IMZ will therefore not carry any costs.

VIDEO

File based (for any other questions than specified below please contact filter Media at avantpremiere@filter-media.net before sending the file)

HD (1080) (please indicate file types and runtimes on file report)

- any flavour of Apple ProRes (422 or HQ recommended) or Avid DNxHD files (120 or better recommended)
- AVC-intra 60/100, AVC-Ultra
- XDCam HD 422 (Op1a MXF)

SD (625/50 PAL or 525/60 NTSC) (please indicate file types and runtimes on file report)

- any flavour of Apple ProRes (422 or HQ recommended)
- IMX 50

File based material can be received via hard drive or feel free to make it available for download via internet. Please email the download details to avantpremiere@filter-media.net.

Neither the IMZ nor filter Media are providing a server for the upload of the screening material.

Tape-based (please indicate aspect ratio on tape report)

- HDCAM 1080i25 (1080 50i)
- HDCAM 1080i29.97 (1080 59.94i)
- HDCAM 1080i30 (1080 60i)
- digiBeta 625/50 (PAL)
- digiBeta 525/60 (NTSC)

Optical Disc SD (DVD) (please indicate aspect ratio on disc report)

- PAL
- NTSC

Optical Disc HD (Blu-ray)

for technical reasons we do not accept Blu-ray but you are welcome to submit video files instead.

AUDIO

On any of the deliverables for video stated above audio should be stereo, mixed according EBU R128 or ITU BS1770-2 respectively

Please note! Presentation will be in **stereo** only, there is no need for 5.1 discrete or DolbyE audio!

SUBTITLES / OVERTITLES

Please note! Due to the layout of the presentation hall we encourage you to adapt the position of titles, inserts and subtitles and shift them upwards or position the subtitles at the upper end of the action safe area:

FEES

Screening material provided to filter Media until 25 January 2017 is free of charge.
For delayed material an overdue fine is charged:

After 25 January 2017: 500 EUR
After 5 February 2017: 1.000 EUR

If the screening material has to be viewed more than one time by filter Media: 40,- EUR per viewing
If the screening material has not been delivered at 25 frames: 50,- EUR per showreel

The IMZ will not carry any costs.
